Enhance Curriculum by Integrating Ethics~

Ethics is the foundation of great leadership. Teaching students to make good decisions based on ethics helps form the core foundation of ethical leadership. These resources can work in any content area and your teachers can access these materials for FREE. Come learn about ethics resources that are available through the Daniels Fund Ethics Initiative High School Program, how to integrate ethics into the classroom, and how to access these resources for FREE.

We will provide transportation and the great staff will be showing us all that they have to offer... the list is too long to provide! As a premier magnet school in APS, both schools provide numerous opportunities for advanced learning, certifications, and dual credit. Lots of programs will be reviewed!
